

# Growth Quantix - Security & Compliance Overview

## Overview

Growth Quantix is committed to protecting the integrity, confidentiality, and availability of your data. We enforce strong security controls, conduct regular audits, and follow enterprise-grade best practices across our platform.

## Certifications

- ISO 27001 Certified
- SEBI Compliant
- Regular VAPT Audits

## Infrastructure & Data Security

All our APIs and backend systems are hosted on secure cloud infrastructure (AWS/GCP). Data is encrypted both at rest and in transit using AES-256 and TLS 1.3 standards. Access is restricted using role-based access control and continuous monitoring.

## Compliance Contact

For any compliance-related queries, partnerships, or data handling concerns, please reach out to our compliance team via the contact form on our platform or email us at [compliance@growthquantix.ai](mailto:compliance@growthquantix.ai).
